

North East National Board of School Education

23 Upen Prabhavati Bhawan, Shankar Path ,
Hatigaon, Guwahati-781038

(For Learners of Admission Hindi/English Medium only)

Dear Learner,

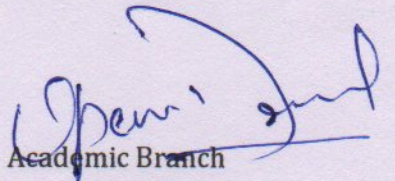

Welcome to NENBSE! Now that you might have received your study materials, you must go through the contents thoroughly. These materials are meant to make you understand the subject and also help you to answer questions in the examination. You will find the syllabus and question paper in these books, which you will find useful in mastering the concepts and preparing for the examination.

You must remember that there is a separate fee for practicals in subjects with a practical component, like Science & Technology, Home Science, etc.

If you have already filled in your application for the exam and have not paid practical fee, please do it now. Send it to your Regional Centre or Study Centre.

Wish you all the best in your new journey towards knowledge and learning! I'm sure you will do well in your exams. Remember, you must earn your certificate through hard work. Depend on your own ability and you will succeed in life.

Wish you a Happy and fulfilling Year

Academic Branch
